Observer's Guide
"Usability Evaluation of Web-based Application"
Coordinator: Prof. Beatriz Sousa Santos

STEP	ACTION	COMPLETED?

1 Introduce the main aspects of what will be performed, to the participant ◯
Mention that the application is under evaluation not the participant

2 Give the Informed Consent to the participant and answer any question.
Only proceed after the informed consent has been signed ◯
http://sweet.ua.pt/bss/disciplinas/IHC-ECT/Consent.pdf

3 Let the participant freely explore the application (you do the same) ◯
https://www.amazon.com

4 Direct the participant to the list of tasks ◯
http://sweet.ua.pt/bss/disciplinas/IHC-ECT/Usability test/Tasks-find a book.pdf

5 Get ready with your observer script. ◯
http://sweet.ua.pt/bss/disciplinas/IHC-ECT/Usability test/Observer-script.pdf
The participant starts doing the tasks and you take notes on the observer form
and only interfere if the participant asks for help

6 After the participant finishes the tasks, open the post-task questionnaire and fill it,
with the participant, discussing your different points of view regarding each item.
